SKEWER SYSTEM 1440.

No matter whether meat, poultry, minced meat, cheese, fish or vegetables – the System 1440 from MIVEG enables you to produce up to 1440 ready made skewers per hour. The System 1440 is designed for 2-5 employees.

Variety – quickly produced.

Barbecue skewers today, antipasti skewers tomorrow, a simple tooling change enables a wide range of production options. The finished skewers look handmade. Every single skewer is produced in highest quality.

For delicious grill skewers up to 250 mm length.

The Skewer System 1440 can handle round skewers from 3.2 to 3.8 mm in diameter, with lengths from 100 to 250 mm.
