STICK SYSTEM **480**

NEW: For round and flat skewer

For skewer lengths from 100 to 235mm

Durable, food safe material

Without the risk of injury.

With this sliding-system made of stainless steel you can produce barbecue skewers as if made by hand – but **much easier**, **without the risk of injury**. Every move is perfect. The Stick System 480 is the perfect tool **for safe routine and speed**.

All advantages at a glance.

- up to 480 skewers per hour
- every skewer looking like hand-made
- no risk of injury, high routine
- manifold product possibilities
- for all foods, marinated or natural
- optionally customizable, own meat cassette
- robust stainless steel construction
