UP TO
7200 
PER HOUR

SKEWER SYSTEM 7200

Scan the QR code to get all the information.

Ideal for high-volume production.

Produces six skewers simultaneously.

Built for maximum output.

FOR INDUSTRIAL SKEWER PRODUCTION.

The powerful skewer system for **maximum speed, maximum output and uncompromising efficiency.**

MAXIMUM OUTPUT. MINIMUM EFFORT.

The Skewer System 7200 is **scalable and built for top performance, even during peak times.** **Optional full automation available.** Designed to **optimize output, improve product quality and reduce costs.**

6X SYNCHRONIZED SKEWERING.

With the 7200 system, you skewer **six products simultaneously at high speed.** The patented system prevents skewer breakage and eliminates many common production issues.

FOR ALL TYPES OF SKEWERS. CHICKEN, PORK, BEEF, FISH, VEGGIES, FRUIT, CHEESE AND NEW MEAT!
